8-8-2017 -- **Dear USA Ohio Senators Brown (Sherrod) & Rob Portman,**

When I went to college - at the University of Wisconsin Green Bay ([UWGB](#)) - circa 1977 to 1982, THEY did NOT offer "baby-sitting" as a part of my tuition payment. I was a "single" mother - thus, I was forced - by the circumstances - to give "physical" custody - of my little girl (Dawn Marie Burton) to her biological father - at our divorce. He already had a "good" job AND an MBA - from OSU. I tell the story on my web site: [Hans AND cassady DOT org](#). Please see the link - at the top of my HOME page - that says "Dawn". If you click it - you will see the full Story (my version) presented there. TODAY, Dawn (my daughter) helps to run the USA FBI - but, she - basically hates me - because of the lies that she was told by her "step-mother" - I only presume this.

[Dawn Marie Burton is the Deputy Chief of STAFF - for the USA FBI.](#)
She is my biological daughter (which can be easily proved).

Bill - in USA Congress - that will provide "baby-sitting" to USA mothers&fathers -who pursue-STEM education

She was born on August 22 - 1973 @ 3:30AM - when, I was nineteen years old.

Please consider to create and BACK a Bill - in Congress - that will provide "baby-sitting" for free - to any USA citizen - who is willing to pursue a B.S. in STEM (at a USA Public College or University) - like I did. Women's minds - I feel - from personal experience - do not work like Men's minds - related to War, Math, Science, Engineering & Technology. Thus, America needs women to work in STEM jobs - like I did (from 1982 until 2012). In fact, my [resume](#)' of education - and work experience - is presented on my web site: Hans AND cassady DOT org.

I will post (this afternoon) my request - made to you - this day. I am Susan Marie CassAdy-Neuhart. YOU may know who my cousin is. He was famous. I was never "famous".

Thank YOU - and, kind regards, - Susan
